

*Jokes with Reading* encourages children to practise reading short, familiar passages – a most important factor in developing confidence and fluency.

---

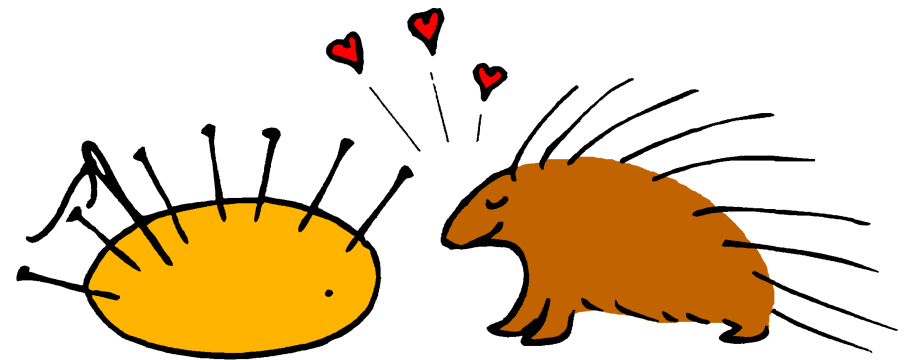

- short, self-contained units
  - common words used and repeated
  - simplified vocabulary
  - large and clear print
  - humour to maintain interest
  - practice encourages the development of fluency
  - vocabulary and ways of thinking expanded with double meanings of words
  - long words split into syllables when they are introduced
-
